PROFESSIONAL SUMMARY

Driven Corporate Finance professional pursuing a Master's degree (Programme Grande École) with a strong foundation in advanced financial modeling, valuation, and market analysis. Combines traditional equity research expertise with modern data science tools (Python, SQL) to automate workflows and drive strategic investment decisions. Proven track record in delivering 150+ financial analysis projects globally. Actively pursuing opportunities in Mergers & Acquisitions (M&A), Investment Banking, and Private Equity.

EDUCATION

Ecole Nationale de Commerce et de Gestion (ENCG) | El Jadida, Morocco *Master's Degree in Finance (Programme Grande École)* | Sep 2023 – Expected 2028

- **Core Modules:** Advanced Financial Analysis, Corporate Finance, Investment Banking, Marché des Capitaux, Audit & Controlling.
- **Certifications in Progress:** ACCA (Association of Chartered Certified Accountants) Preparation.

PROFESSIONAL EXPERIENCE

OCP Group | Jorf Lasfar, Morocco *Incoming Finance Intern* | Jul 2026 – Aug 2026

- Selected for a highly competitive professional placement to gain hands-on exposure to corporate finance, cost optimization, and operational strategy within a global leader in plant nutrition.

Bank of Africa (BMCE Group) | El Jadida, Morocco *Financial Analyst Intern* | Jan 2026 – Mar 2026

- Analyzed credit workflows and financial reporting processes to support strategic decision-making and risk assessment for corporate and retail portfolios.
- Assisted in branch operations, gaining comprehensive insight into the Moroccan banking ecosystem, regulatory compliance, and client relationship management.
- Ensured high-quality client service delivery while optimizing daily operational efficiency.

Fiverr (Freelance) | Remote *Freelance Financial Analyst & Modeler* | Mar 2024 – Mar 2026

- Delivered over 150 complex financial modeling, valuation, and data analysis projects for international clients, maintaining a top-tier 5.0/5.0 average rating.
- Developed automated Excel dashboards, 3-statement models, P&L forecasts, and cash flow projections to identify cost-saving opportunities and support SME growth strategies.

KEY PROJECTS & PLATFORMS

M&A & Private Equity Deal Room (Web Platform) | Python, Streamlit, Pandas

- Engineered a full-stack financial valuation platform integrating live Casablanca Stock Exchange (CSE) data for BTP sector benchmarking and corporate analysis.
- Built interactive Discounted Cash Flow (DCF) and Leveraged Buyout (LBO) engines with Monte Carlo risk simulations and WACC vs. Terminal Growth sensitivity heatmaps.

Equity Research: 2030 World Cup Impact on BTP | *Financial Analysis, Data Visualization*

- Authored a comprehensive equity research report evaluating the macroeconomic impact of the 2030 World Cup on the Moroccan BTP sector.
- Analyzed TGCC's financial positioning and market outlook using Python-generated financial charts, peer benchmarking, and data-driven performance metrics.

AI-Driven Credit Risk Engine | *Machine Learning, Scikit-Learn*

- Designed a Random Forest Classifier to predict loan default probabilities using synthetic applicant data.
- Optimized the model to successfully distinguish between safe and high-risk borrowers to minimize Non-Performing Loans (NPLs).

VIRTUAL JOB SIMULATIONS & TRAINING

- **Investment Banking & Advisory:** J.P. Morgan (M&A, DCF Valuation), Goldman Sachs (Controllers & Operations), Bank of America (Global Markets Sales & Trading).
- **Audit & Risk:** KPMG UK (Audit Job Simulation), Coursera (Investment Risk Management).

TECHNICAL SKILLS & LANGUAGES

- **Financial Mastery:** DCF Valuation, LBO Modeling, Equity Research, 3-Statement Modeling, Corporate Finance, Portfolio Management.
- **Tech Arsenal:** Python (NumPy, Pandas, Matplotlib, Scikit-Learn), Advanced Excel (VBA, Macros, Power Query), SQL, Power BI.
- **Languages:** Arabic (Native), French (Bilingual/Professional), English (Professional).
